Dear Dr. Alexandru-Ionut Petrisor,

The title mentioned above has been evaluated for inclusion in Scopus by the Content Selection & Advisory Board (CSAB). The review of this title is now complete and the CSAB has advised that the title will be **accepted** for inclusion in Scopus. For your information, the reviewer comments are copied below:

Evidently this journal has greatly improved in recent times, and it appears to be in good health, from the homepage and the production schedule to the editorial policy, online access and citations. As such, it merits inclusion in SCOPUS.

- + The journal consistently includes articles that are scientifically sound and relevant to an international academic or professional audience in this field.
- + The journal has scholarly relevance as evidenced by citations in other journals currently covered by Scopus.
- + In general, the content of the articles is consistent with the scope and aims of the journal.
- + The articles are generally well written and understandable.
- + This title addresses a subject area not properly covered by an existing journal.
- + The journal has clear aims and scope/journal policies that are consistent with the journal's content.

Our Source Collection Management department will contact the publisher of this title within the next three months to initiate the indexing process for Scopus. A content coverage agreement needs to be in place before we can start adding the content to Scopus.com. If you are the publisher, please do not send us your content yet unless requested by our Source Collection Management department

Yours sincerely,
